# Key Product Categories

Six focused product categories plus custom buyer requirement review for products outside the listed lanes.

## 01 / Spices & Agri

Spices, grains, pulses, oil seeds and food commodities reviewed for grade, moisture, packing, shelf life and destination requirements.

## 02 / Eco Packaging

Compostable bags, bagasse tableware, paper packaging and sustainable food-service products reviewed for material, MOQ and buyer specifications.

## 03 / Herbal & Wellness

Herbal, wellness and natural product categories handled with attention to ingredients, labels, certificates and destination regulations.

## 04 / Textiles

Fabrics, garments, yarn and home textile products sourced around material, GSM, finish, packing and buyer quality expectations.

## 05 / Engineering Goods

Tools, fasteners, components and industrial goods reviewed through drawings, specifications, materials and inspection expectations.

## 06 / Building Materials

Tiles, stone, sanitaryware, hardware and construction-related goods coordinated by project requirement, packing and shipment planning.

### DIFFERENT PRODUCT REQUIREMENT?

## Custom Buyer Requirement Review

Other permissible products can be reviewed through product specification, supplier fit, MOQ, samples, documentation, route and destination-rule checks.

# Support Beyond Product Supply

We help buyers move from enquiry to shipment with practical coordination, clear requirements and professional communication.

Trivik NexTrade LLP supports export, import and global sourcing discussions through product clarity, documentation readiness and buyer-supplier communication. This catalogue is built for serious buyers who need a quick product overview and a practical path to enquiry review.

## Requirement Review

Product, grade, quantity, packing, origin and destination are checked before quotation.

## Supplier Coordination

Relevant supplier route and practical feasibility are reviewed for buyer requirements.

## Documentation Support

Commercial invoice, packing list, certificates and trade document needs are discussed.

## Logistics Guidance

Packing, shipping mode, timeline and destination requirements are aligned early.

## Custom Review

Products outside the listed lanes are reviewed only after practical feasibility, document and destination checks.

## Structured Trade Desk Flow

Requirement, supplier route, documents, logistics and enquiry follow-up are aligned before moving ahead.

1

### Requirement

Product, grade, quantity and destination.

2

### Feasibility

Supplier route and document review.

3

### Quotation

Commercial terms and packing discussion.

4

### Documents

Invoice, packing and certificate support.

5

### Follow Up

Next practical trade step.

# Spices & Agri

Spices, grains, pulses, oil seeds and food commodities reviewed for grade, moisture, packing, shelf life and destination requirements.

## Category Snapshot

Export-led sourcing category for buyer requirement review, supplier route discussion and document readiness check.

## 01 EXPORT-LED SOURCING

Spices, grains, pulses, oil seeds and food commodities reviewed for grade, moisture, packing, shelf life and destination requirements.

### Product Enquiries

- Whole and ground spices
- Pulses and grains
- Oil seeds
- Food commodities
- Dehydrated ingredients

### Buyer Checklist

- Grade and origin
- Moisture and purity
- Packing size
- Shelf life
- COA or lab report

### Before Quotation

- Quantity or monthly demand
- Destination country or port
- Target packing
- Expected timeline
- Commercial expectation

### Document Focus

- Commercial invoice
- Packing list
- Certificate if applicable
- Inspection or test report
- Shipping documents

## Quotation Guidance

Share product photos, grade, quantity, destination and packing details so the team can review feasibility before preparing next steps.

# Eco Packaging

Compostable bags, bagasse tableware, paper packaging and sustainable food-service products reviewed for material, MOQ and buyer specifications.

## Category Snapshot

Eco-conscious demand category for buyer requirement review, supplier route discussion and document readiness check.

## 02 ECO-CONSCIOUS DEMAND

Compostable bags, bagasse tableware, paper packaging and sustainable food-service products reviewed for material, MOQ and buyer specifications.

### Product Enquiries

- Bagasse tableware
- Compostable bags
- Paper bags
- Food-service packaging
- Custom printed packs

### Buyer Checklist

- Material type
- Dimensions
- Food contact need
- MOQ
- Carton packing

### Before Quotation

- Quantity or monthly demand
- Destination country or port
- Target packing
- Expected timeline
- Commercial expectation

### Document Focus

- Commercial invoice
- Packing list
- Certificate if applicable
- Inspection or test report
- Shipping documents

## Quotation Guidance

Share product photos, grade, quantity, destination and packing details so the team can review feasibility before preparing next steps.

# Herbal & Wellness

Herbal, wellness and natural product categories handled with attention to ingredients, labels, certificates and destination regulations.

## Category Snapshot

Compliance-sensitive category for buyer requirement review, supplier route discussion and document readiness check.

## 03 COMPLIANCE-SENSITIVE

Herbal, wellness and natural product categories handled with attention to ingredients, labels, certificates and destination regulations.

### Product Enquiries

- Herbal powders
- Natural ingredients
- Plant extracts
- Wellness inputs
- Bulk raw herbs

### Buyer Checklist

- Botanical name
- Ingredient grade
- COA need
- Label details
- Destination rules

### Before Quotation

- Quantity or monthly demand
- Destination country or port
- Target packing
- Expected timeline
- Commercial expectation

### Document Focus

- Commercial invoice
- Packing list
- Certificate if applicable
- Inspection or test report
- Shipping documents

## Quotation Guidance

Share product photos, grade, quantity, destination and packing details so the team can review feasibility before preparing next steps.

# Textiles

Fabrics, garments, yarn and home textile products sourced around material, GSM, finish, packing and buyer quality expectations.

## Category Snapshot

Specification based category for buyer requirement review, supplier route discussion and document readiness check.
